Welcome to the 2023 Nevada PTA Convention!

This year's theme is "CONNECTED," and we are excited to explore all the ways that we can connect with each other, our schools, and our communities.

We know that PTAs are essential to the success of our schools. You are the ones who volunteer your time, energy, and expertise to make sure that our children have the best possible education. We are grateful for your dedication and commitment.

The theme of "CONNECTED" is more than just a buzzword. It is a reminder that when we are connected, we are stronger. We can achieve more together than we can alone. In fact, none of us can do it alone.

This convention is an opportunity for us to connect with each other, learn from each other, and share ideas. We will have workshops on a variety of topics, including recruitment, leadership development, and important social issues effecting the lives of our kids. We will also have opportunities to network with other PTA members from across the state.

I'm so glad you took your time to join us for this important event. Together, we can make a difference for our children and our schools.

Sincerely,

Kali Fox Miller

Nevada PTA History

The Nevada Parent Teacher Association was organized in 1940. It was the last state and the 50th congress to join the national organization. Boulder City and some Las Vegas units had joined previously without benefit of a state congress. The organizational meeting was held in Ely, Nevada, November 14, 1940. Charter units were:

Alamo	Boulder City
Caliente	Carlin
Ely	Kimberly
Las Vegas Grammar School	Las Vegas Westside School
Lund	Mt. Rose (Reno)
North Las Vegas Primary School	Panaca
Pioche	Reno High School
Searchlight	Southside (Reno)

By 1941, Carson City, Virginia City, Yerington, Fernley, Logandale and Winnemucca had joined. Today there are 160 units with a total membership of over 30,000. The first convention was held on November 7-8, 1941, in Las Vegas. The first state office was established in Sparks in 1959. The first council organized in Las Vegas and the state office was moved to Las Vegas in 1980.

The Parent Teacher Association

Membership is open to anyone who believes in the Mission and Purposes of National Parent Teacher Association. Individual members may belong to any number of PTAs and pay dues in each. Every person who joins a local PTA automatically becomes a member of both the state and National PTAs.

Together we are a powerful voice for children. With your help, we can continue to work toward PTA's goal of a quality education and nurturing environment for every child.

PTA Vision

Every child's potential is a reality.

PTA Mission

PTA's mission is to make every child's potential a reality by engaging and empowering families and communities to advocate for all children.

PTA Values

- **Collaboration:** We will work in partnership with a wide array of individuals and organizations to broaden and enhance our ability to serve and advocate for all children and families.
- **Commitment:** We are dedicated to children's educational success, health, and well-being through strong family and community engagement, while remaining accountable to the principles upon which our association was founded.
- **Diversity:** We acknowledge the potential of everyone without regard, including but not limited to: age, culture, economic status, educational background, ethnicity, gender, geographic location, legal status, marital status, mental ability, national origin, organizational position, parental status, physical ability, political philosophy, race, religion, sexual orientation, and work experience.
- **Respect:** We value the individual contributions of members, employees, volunteers, and partners as we work collaboratively to achieve our association's goals.
- **Accountability:** All members, employees, volunteers, and partners have a shared responsibility to align their efforts toward the achievement of our association's strategic initiatives.

The Purposes of the Parent Teacher Association

- To promote the welfare of the children and youth in home, school, community, and place of worship.
- To raise the standards of home life.
- To secure adequate laws for the care and protection of children and youth.
- To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the education of children and youth.
- To develop between educators and the general public such united efforts as will secure for all children and youth the highest advantages in physical, mental, social, and spiritual education.

The Local Parent Teacher Association

The PTA at the local level is linked to the state PTA and National PTA, forming a nationwide network of members working on behalf of all children and youth.

Because of its connections to the state and National PTAs, the local PTA is a valuable resource to its school community with (1) access to programs to benefit children, youth, and their families, and (2) the recognition and size to influence the formulation of laws, policies, and practices—education or legislative.
